AN EXCITEMENT IN OIL.

An Inter-State Commerce Problem Solved.

[PRESS DISPATCHES TO THE GAZETTE]

The Distribution of Arms.

WASHINGTON, April 28.
An Act passed by the last Congress increasing the annual appropriation for supplying arms and equipments to the militia provides that the distribution to the Territories and the District of Columbia shall be made under such regulations and in such proportions as the President may prescribe. Accordingly the President has issued the following regulations governing the subject:

First—Each Territory shall, if included within the provisions of said act, annually receive arms, ordnance stores, quartermasters stores, and camp equipage, equivalent to the quota of the State having the least representation in Congress, and the District of Columbia shall annually receive arms, ordnance stores, quartermasters stores and camp equipage not exceeding double the quota of the State having the least representation in Congress.

Second—Arms, ordnance stores, quartermasters stores and camp equipage shall be issued to the Territories on the requisitions of the Governors thereof, and to the District of Columbia on requisitions approved by the senior General of the District militia present for duty. Returns shall be made annually by the senior General of the District militia in the manner as required by sections 3 and 4 of the Act above referred to in the case of States and Territories.

Third—It is forbidden to make issues to States and Territories in excess of the amount to their credit, under the provisions of section 1161 of the Revised Statutes, as amended by the above Act.

GROVER CLEVELAND.

A Cattle Syndicate.

DENVER, April 28.
The Republican says: R. G. Head, Judd Brush, ex-Governor Routt and several other prominent cattlemen held a secret meeting at the Windsor hotel yesterday, the object of which has not been made public, but it is presumed to be in the interest of some gigantic project in connection with the cattle industry. A few weeks ago, both Messrs Head and Routt were in New York and Chicago working up the matter. The details of the project are yet to be unveiled. A prominent cattleman, in speaking upon the subject this morning, said it was shrewdly suspected that the gentlemen were drafting a plan of cooperation, something similar to the McGowan cooperative plan which proposed to pool the entire cattle interest of the West, and which created so much discussion at the last session of the International Range Association, held at Denver in February. It is further rumored that the scheme upon which the gentlemen are working is to control the beef market country and that they have associated with them one of the members of the dressed beef syndicate of Chicago.

A Murderer Captured.

SAN ANTONIO, Texas, April 28.
James Reed, an alleged murderer was captured here to-day. Two years ago a United States soldier in company with three citizens, murdered an old jeweler named Block, for his valuables in Matamoros, Mexico. The murderers were captured and sentenced to be shot. Reed and Williams escaped, stole some fine horses and recrossed into Mexico and were present at the execution of their fellows in the crime. Reed made his way to California where it is alleged he committed numerous robberies and has slain two men. International complications now arise: Mexico has a sentence of death passed upon him, and California wants him for a crime. He denies being the party wanted, but the officers and soldiers say they cannot be mistaken in this case.

An Inter-State Problem.

St. Louis, April 28.
In reply to a request from the Sisters of St. Joseph in this city that the railroads be authorized to furnish them free transportation as heretofore, Chairman Cooley, of the Inter-State Commission, writes that the railroad companies must determine for themselves what shall be their policy in granting favors to persons engaged in religious works, stating in plain terms whether they allow the giving of reduced rates to ministers of religion, and if they are given on the same general and impartial rule, no question of its legality could arise and no railroad company could have occasion to fear penalties.

An Oil Excitement.

PITTSBURG, April 28.
Great excitement prevailed at the Oil Exchange for several hours to-day, caused by a report from Harrisburg that the Billingsley bill, now pending, would be defeated. Prices advanced three cents in a short time, and over 4,000,000 barrels of oil changed hands between 11 and 1 o'clock. The market opened at 65 1/2, and advanced to 68 1/2, and at 1:30 o'clock declined to 66 1/2.

WESTERN DISPATCHES

Utah Items.

SALT LAKE, April 28.
A man named Wheeler who was either thrown or fell from a horse at Springville canon Tuesday, died before getting back to the city.
The Grand Jury yesterday ignored an indictment against Samuel Vincent, the testimony showing that Thos. J. Kirkland stole his guns and boots near Evanston, Wyoming. Vincent followed the thief, and on coming up, recovered his property and started Vincent along the road near Coalville to turn him over to the Sheriff of Summit county, Utah, telling him to go along and not look back. As soon as Kirkland turned he snatched a revolver at Vincent, who shot him fatally.

A Preliminary Examination.

MONTEREY, April 28.
The preliminary examination of Simmons, charged with having robbed the Hotel Del Monte, was resumed this morning. Miss Becht testified that Simmons left her room the night of the fire at 10:30, and that no bell-boy came there to tell Simmons that she smelled smoke. C. A. Bertholet, the bell-boy at the hotel testified that at 10:40 P. M., on the night of the fire, he saw Simmons coming from the passage leading from the dining room to the lobby, and that he saw him smell smoke which appeared to be coming from the dining room. He immediately aroused Schoenwald and informed him there was a fire.

An Express Train Robbed.

TUCSON, A. T. April 28.
The western bound express, due here at 10:30 last evening, was stopped and robbed at Papago station, 18 miles east of here, about 9:30 last evening. The number of men engaged in the robbery is variously estimated at from five to eight, all fully armed. The robbers went through the mail and express cars but did not take anything, getting more than about \$5,000. It is reported that the express messenger threw \$35,000 in gold in the stove, and so saved it from the robbers. None of the passengers were molested.

TELEGRAPHIC BREVITIES.

—Bar silver, 95 1/2.
—The Liverpool wheat market continues firm.
—Blaine arrived at Albany, New York, yesterday.
—The St. Lawrence at Montreal, is rapidly falling.
—Five men were yesterday suffocated by gas in the Ashland Colliery at Pottsville, Pennsylvania.
—Three sons of G. W. Vayward were drowned at Baltimore yesterday by the upsetting of a sail boat.
—A seventeen-year-old boy who successfully jumped from the Brooklyn bridge yesterday was to-day sentenced to prison for three months.

AN EXTRAORDINARY SCORE

The Topekans Badly Beaten by the Carson Guard Team.

The Carson Tribune of the 27th inst. says: The six members of the Carson Guard, selected by competition to shoot the match with the Topeka Rifle Club, performed that duty yesterday, and most magnificently too. They astonished themselves as well as the many onlookers, and made a record of which the whole company as well as our citizens feel proud, and which will stand at the top of all military rifle records for a long time.

| Shooter | Creedmoor | Ring |
|--------------|-----------|------|
| Thaxter | 134 | 224 |
| Gallus | 134 | 224 |
| Saffell | 135 | 224 |
| Cowling, Jr. | 134 | 224 |
| Wilcox | 131 | 220 |
| Parker | 133 | 220 |
| Total | 1347 | 802 |

This shows an average of 74.5-6 on the Ring target and 44.5-9 Creedmoor. According to the terms of the match the Topekans team allowed the Carson Guard five points to the man on ten shot, or fifteen points to each for thirty shots, this being the customary allowance to teams using military rifles, the Topeka team using fine rifles, peep and globe sights, 3-lb trigger pull, etc. Adding the allowance would bring the Carson Guard score up to 1,437 points.

Col. Thaxter received a telegram from the Secretary of the Topeka Rifle Club this morning, stating that their team of six scored 1,292. This gives the victory to Carson by 55 points on even terms, and 147 with allowance for difference in rifles.

Good Advice to Carpenters.

W. J. Montgomery, of Ogdenburg, New York, writes to his brothers of the square and compass: My advice to all carpenters is to wear a couple of Alcock's Plasters on the small of the back. I find that they give me double power and energy to accomplish my work, as well as proving shields against colds and pulmonary difficulties. These plasters appear to fill the body with nervous energy and power, and they seem to double my natural strength. I am a carpenter by trade, and know how often my brother workmen and I suffer from imprudently throwing our coats off and going to work in a cold shop. We forget how little protection the back part of the vest affords to the lungs. By placing an Alcock's Plaster under each shoulder-blade all trouble of this kind will be avoided, as I know by experience. If you do get caught with a cold or a bad cough or rheumatic pains, an Alcock's Plaster gives instant relief.

HAMBURG FIGS.

Probably as much misery comes from habitual constipation as from any derangement of the functions of the body, and it is difficult to cure for the reason that no one likes to take the medicine that is usually prescribed. Hamburg Figs were prepared to obviate this difficulty, and they will be found effective as well as pleasant to the taste of women and children. 25 cents.

FOREIGN DISPATCHES
The Schnaebles Matter Settled.
PARIS, April 28.
Herbette, the French Ambassador at Berlin telegraphs that yesterday evening he had an interview with Count Bismarck, the German Minister for Foreign Affairs, and that the latter maintained that French territory was not violated when Schnaebles was arrested. Herbette adds, however, that Count Bismarck states that Germany is inclined to admit that the arrest was irregular and contrary to the Franco-German frontier convention of 1877, and on this account, will release Schnaebles when the letters alleged to be written by Gutsch are proved to be authentic. The dispatch adds that it is believed that the release of Schnaebles will take place to-day, or at the latest, to-morrow, and that Herbette is to have another interview with Count Bismarck during the day. The Journal Des Debats publishes dispatches from Berlin, stating that the Schnaebles affair has been amicably settled between France and Germany.

End of the Canadian Pacific Strike.

VICTORIA, B. C. April 28.

LOCAL NEWS.

Happenings of the Day in Reno and Vicinity.

A Valuable Discovery.

The GAZETTE learns of a Renolite who has a process for treating amalgamating plates used in sluice boxes, whereby every particle of precious metals that now goes over the waste dumps will be saved. Instead of the long sluice boxes with riffles, blankets, electro-plates, etc., which are expensive and consume considerable space, he employs a sheet of galvanized iron, with a rifle of his own invention. This sheet of iron he treats with a chemical compound, which is his discovery and secret, and which constitutes his improved process. It attracts and amalgamates every particle of precious metal, no matter how base or light. The process has been subjected to the severest tests in this and other mining sections, and found to be all that is claimed for it. A GAZETTE reporter this morning saw a knife blade, a nickel coin, pieces of pure copper and a galvanized iron trunk amalgamated by the process. They show a decided affinity between the quicksilver treated and the various metals—something heretofore deemed, we believe, impossible.

The Electric Light.

The Reno Electric Light Company has 43 1200-candle power arcs burning, and will have a couple more in use just as soon as the necessary wire is received, which will be in a few days. The company has orders for 32 more of these lights, but it cannot accommodate the would-be patrons until another dynamo similar to the one in use is obtained and pressed into service. J. L. Stevenson, Superintendent of the plant, has secured an immense water-power near the cattle bridge, below town, and is constructing a wing dam and a flume, and is placing in position a 70-horse power wheel, which he will use to run the two dynamos. He will then furnish business houses desiring them, with incandescent lights of 65-candle power. They are sufficiently strong to answer all practical purposes, and are less expensive than the arcs.

Petty Larceny Thieves.

Several thefts in town are reported. A trunk at the depot belonging to the man who held forth on Virginia street for several days with the cane and knife trick was broken open last evening and several articles of value stolen.

A trunk that evidently belongs to G. Wedekind, a piano tuner of Eureka, was found last night near the Virginia and Truckee railroad bridge. It had been broken open, but still contained a number of articles. Mr. Wedekind is believed to be either in Carson or Virginia City.

Well Pleased With the Country.

Colonel Herriot, Manager of the Nevada & California Railroad, returned last evening from an examination of the country between Honey Lake and the south fork of the Pitt river, this being the country over which the extension of the Nevada & California R. R. will pass. The Colonel expresses himself as delighted with the capabilities of the country, and believes that upon the completion of the road a new and valuable market will be opened to Reno.

Vandalism.

Numerous complaints are heard of boys who take delight in peeling bark off shade trees along sidewalks. Several property-owners have declared their intentions to flog the young scamps, or others, caught delighting themselves in such vandalism.

Truckee and Vicinity.

The Republican of the 27th inst. says: Snow is getting pretty thin in this vicinity.

The Boca mill will start up next Monday.

The Mountain Ice Co., at Cuba, is shipping ice in large quantities.

Cap. Todman is busy at Lake Tahoe putting up his fish hatching establishment.

C. E. and W. D. Roberson are putting up a substantial building at the upper end of Donner Lake for the accommodation of pleasure-seekers.

It is an interview with Jas. McDonald last night he stated that the Summit Ice Co. had commenced work on their new ice house and were employing twenty-nine men.

A new steamer for Lake Tahoe is being built at the Union Iron Works, San Francisco. It is of steel, is sixty feet long and nine feet beam. The steamer is for Yerington & Bliss, and will be used for towing timber rafts across the lake.

Children Interested.

Immediately after school hours a lot of little girls can be seen at F. Levy & Bro's. great dry goods house, admiring the lot of children's dresses which that firm displays this week. The little dresses are very lovely, and their very low prices make them attractive. Indeed, and many are the wishes of the little ones to have a pretty dress. Parents will do well to look at those dresses, as F. Levy & Bro. sell them cheaper than ladies can make them up.

PERSONAL.

John Mackay is again on the Comstock.

Hon. George Hark, of Carson, was in town last night.

A. H. Manning returned this morning from San Francisco.

Surveyor-General Irish left this morning for Pyramid Lake reservation.

Charley Leeper, the Reno harness maker, left last evening for the Bay.

Senator C. N. Noteware, of Carson, is reported laid up with a severe cold.

Ralph Hawcroft, a GAZETTE typo, left last evening on a recreation trip to California.

Mrs. M. Cobb, of Carson, is in town on a visit to her sisters, Mrs. Henry Morris and Mrs. Sol. Levy.

Dora Stanley, sister of Mrs. Albert Ward, has gone East on a visit to her father at Denver, Colorado, and to a sister in Maine.

Horace Marden and son, of Aurora, are in town. The latter will leave to-morrow with a team and wagon for Shasta, Cal., and the latter will return home.

Assistant Superintendent R. J. Laws, of the C. & C. R.R., and wife, were in town last evening, having come this far with friends who were on their way to San Francisco.

The Physiologists Astonished.

The *Phrenological Journal* says: While the principle that cleanliness is an essential to health and longevity is an established fact of human life, now and then an exception is found that astonishes the physiologists. For instance, at Howdon, a dirty, desolate village on Tyneside, England, a boy was born who, at the time of his birth, had the following extraordinary number of grandparents and great-grandparents alive. The grandfather and grandmother on the father's side were hearty and well, and so were both parents of the grandfather and the mother of the grandmother of the grandmother. The grandfather and grandmother on the mother's side were active and strong, and so were both parents of the grandmother. The boy thus had four grandparents and five great-grandparents alive, each of whom was in active work earning his or her own livelihood. Yet the village where these hale and hearty grandfathers and grandmothers live and flourish is one of the most unsanitary in England. Open sewers run down the center of some of the streets. Until a few years ago the water supply was from one well. Houses have been condemned, wholesale, an unfit for human habitation, to the intense disgust of the people. Yet, notwithstanding all these adverse conditions, these families live and thrive.

Roland Reed in "Humbug."

Roland Reed, supported by his very good company, will appear at the Nevada Theater in Marsden's "Humbug" on the evening of May 6th. Says the Boston Transcript: The play is exactly what it purports to be, namely: a "farce-comedy," and an exceedingly good one it is, and admirably performed. The main object of the piece is, of course, to provide an opportunity for Mr. Reed to display his abilities in the realm of eccentric comedy; but Mr. Reed, exercising his droll as he is, is not by any means the sole actor in his company.

The entertainment, in a word, is thoroughly enjoyable every way. The piece is full of fun, without being silly; the company is made up of intelligent people, well trained, and there is sufficient plot in the play to make it interesting as well as mirth-provoking. In the course of the evening Mr. Reed sang several songs, including "The Accent On," which was encored repeatedly, and, assisted by Nettie, "a pocket edition of the Mikado," which had also to be repeated again and again—or portions of it—before the audience would be satisfied. There is no humbug about the performance, save in the name of the play and what belongs in it legitimately.

Will Not Take the Oath.

The Virginia Chronicle says the Storey county military companies have definitely decided not to take the oath prescribed in the military law as amended last Winter. The Emmets and National Guard propose to mandamus the State Controller, to compel him to issue warrants for the payment of their army rent. The same paper also says if the State refuses to allow the companies to retain their arms they will probably decide to purchase new accoutrements and maintain an independent military organization.

Fined and Imprisoned.

Leon, of Lander county, convicted in the United States District court at Carson of selling whisky to Indians, was sentenced by Judge Sabin to 15 months in the State Prison and to pay a fine of \$300, he to be imprisoned until the fine is paid.

Dalstrom, convicted of the same offense, gets 18 months' imprisonment and the same fine as Leon.

Merit Will Tell.

Was never better demonstrated than when "Fryer's Abietene Remedies" were awarded diplomas at the late California State Fair at Sacramento and at the Mechanics Institute at San Francisco. W. Plummer is agent for these celebrated "Abietene Remedies" and he offers to return your money if they do not give satisfaction. In buying, be sure the fac-simile signature of D. F. Fryer is on each, as none are genuine without it.

BREVITIES.

Local and General News.

Yesterday about twenty more tramps arrived in town.

Preparations will soon be in order for the annual honors to the soldier dead.

Twenty-seven miners were drafted from the Yellow Jacket mine Tuesday night.

The total cost of the Government printing during the past fiscal year aggregated \$2,793,376 44.

On one ranch near Marysville, Cal., one thousand acres are being planted in Egyptian corn.

The finances of the Canadian Dominion for 1886 shows a deficit of nearly six millions of dollars.

The Independent learns that the public schools of Elko will be closed on the first of June for want of funds.

The captain of a lumber schooner has been arrested at San Pedro, Cal., charged with gross cruelty to a seaman.

Parties desiring copies of yesterday's GAZETTE—five cents each—can be accommodated by calling at this office.

An assessment of 10 cents a share was this morning levied on the capital stock of the Scorpion Mining Company.

Two hundred Italian laborers working on the Canadian Pacific recently struck for higher wages, and a riot is feared.

Nine cars of beef cattle, in charge of John Lillard, shipped at Wadsworth by Miller & Lux, were shipped to California to-day.

This morning's east-bound overland arrived in two sections, the first of which bore the Sandwich Island Queen and suite.

M. Lahner, a butcher of Eugene City, Oregon, last Tuesday attempted to kill his wife and daughter and then hanged himself.

A London paper says that during the past year there were 5,000 desertions from the British army and twice that number from the militia.

While sinking a well in the Court-house square at Phoenix, Arizona, recently, gold-bearing gravel was struck which is reported to be very rich.

For the entertainment of the Grand Army of the Republic, which is to hold its annual meeting at St. Louis this Fall, that city has subscribed \$78,000.

The Los Angeles City Council has ordered the Southern Pacific Company to discontinue the work of laying a track on Alameda street in the center of that city.

District Attorney Evans complains that tramps are being arrested which the arresting officers are unable to identify when the vagrants are brought to trial.

Gracie, the four year old daughter of Mr. and Mrs. William Fogg, was severely scalded yesterday by running against a vessel of hot water, which was being carried across the room.

Congressman Woodburn still tarries in San Francisco. He says he contemplates spending at least a month in Baltimore before the commencement of the next session of Congress.

A fist encounter at a saloon east of the Depot Hotel, last night, ended in one of the participants getting stabbed in the side with a pocket-knife. The wound is reported not serious. No arrests.

Last Saturday Elko had a narrow escape from a destructive conflagration, which originated in the stable of W. T. Smith, but which was promptly quenched by the fire company, thus saving the whole east end of the town.

A man with a family can live and enjoy comfort on almost any 20 acres of land within a radius of three miles of Reno, and nearly all of this land has plenty of water for irrigating purposes. Inquiries are heard for small tracts.

Elko is to have a smelter. Says the Independent: The Star Mining and Smelting Company have purchased the smelter at Palisade. It is now being hauled from Blackburn Station, on the Eureka & Palisade road, to this place, and it will be rebuilt immediately.

This engraving represents one of the cheapest and best made Parlor Suites that is manufactured. This suite consists of Sofa, Easy Chair, Reception Chair, Divan and Patent Rocker—five pieces in all. We make this suite in electro plush, assorted colors, or all in one color, with spring edge and silk plush border, for \$55. We also make it in wool plush (not spring edge), assorted colors, or all in one color, for \$55.

Either of these suites are very pretty, and will, without doubt, please the buyer. Suites consisting of sofa, easy chair, patent rocker and four reception chairs—seven pieces in all—cost the same price as the five-piece suite.

These suites are not the "East Ren Made," but are manufactured by us. We guarantee them to be first-class and far superior to the Eastern suites that are sold. Samples of plush and other coverings mailed on application.

Our line of bed-room suites in walnut, mahogany, antique oak, antique ash, ash and pine are handsome in design and cheap in price. Photograph of our \$18 bed-room suite mailed on application. Address all letters to

Circumstances Alter Cases.

That the administration of justice
is often affected by extraneous
circumstances is a truth which becomes
evident early in life.

The bright 6-year-old son of a
genial clergyman of the historian's
acquaintance had been engaged,
with some of his friends, in wrong-
doing, and he was called into the
house under circumstances that
seemed ominous.

"Did you get licked?" inquired
one of his matter-of-fact companions
the next day.

"Well, yes, I did," admitted the
young philosopher, "but I should
have got off all right if there'd been
anything for supper that father
liked."—(Boston Record.)

This Time in Dakota.

A recent romantic incident, the
story of which comes from Dakota,
reverses the usual rule. A young
lady in one of the older south coun-
ties, in packing a barrel of eggs for
New York, put her name and address
upon one of the eggs, with the re-
quest that the finder, if eligible for
matrimony, should write to her. As
a sequel, a young man named Frank
Nolan will become a resident of Da-
kota and the young lady will not
teach another school.

Teeth Were Not False Enough.

A lady with her head bandaged in
a handkerchief rushes into a dentist's
office and exclaims:—
"Doctor, I can't stand it any
longer. These false teeth you made
cause me the most terrible agony."

"Well, madame, what would you
have? I could not imitate nature
any better."

A Lengthy Pastorate.

The late Rev. H. B. Ewell was
the pastor of the Baptist Church at
Pavilion, N. Y., for nearly half a
century. He was a man of strict
honor and integrity and the highest
christian character. His word was
as good as a Government bond, and
he never expressed an opinion that
he did not firmly believe. He
wrote as follows: "It affords me
great pleasure to recommend to
the public Gilmore's Aromatic
Wine. I believe it to be the most
desirable remedy that can be placed
in any family. I am well ac-
quainted with the manufacturers,
and have confidence in their ability
to do a good thing for suffering
humanity. I have used their wine
in my family for a number of years
with good effect, and firmly believe
it will do what is claimed for it."
Agent for Reno, W. Pinniger. *

The Verdict Unanimous.

W. D. Sult, druggist, Bippus, Ind., tes-
tifies "I can recommend Electric Bitters
as the very best remedy. Every bottle
sold has given relief in every case. One
man took six bottles, and was cured of
rheumatism of 10 years' standing." Abra-
ham Hare, druggist, Belleville, Ohio,
affirms: "The best selling medicine I
have ever handled in my 20 years' expe-
rience, is Electric Bitters." Thousands of
others have added their testimony, so
that the verdict is unanimous that Elec-
tric Bitters do cure all diseases of the
liver, kidneys or blood. Only a half dol-
lar a bottle at S. J. Hodgkinson & Co.'s
